Programs started by Mr. Ledger include publicly accessible geographic information systems, recycling collection and processing, historic preservation efforts, planning and community development operations, broad-based public safety reorganization, and award-winning financial management and reporting. Bob Ledger has led the City of Durango in its efforts to build or expand public library facilities, public transit, wastewater facilities, airport infrastructure, and numerous recreational opportunities.

Mr. Ledger could not have accomplished all that was done in Durango over the last 25 years without the support of a strong staff, visionary city councils and the community of Durango as a whole. But without his drive, talents and skills many of the changes that have occurred in the Durango community would never have been realized. A man of passion and compassion, his legacy will live long. I salute Mr. Bob Ledger for his long and distinguished career of public service and wish him well in all his future endeavors.

IN SUPPORT OF H.R. 50, THE MULTINATIONAL SPECIES CONSERVATION FUNDS REAUTHORIZATION ACT AND H.R. 465, THE ASIAN ELEPHANT CONSERVATION REAUTHORIZATION ACT

HON. CHRISTOPHER SHAYS

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Monday, July 23, 2007

Mr. SHAYS. Madam Speaker, I rise in support of H.R. 50, the Multinational Species Conservation Funds Reauthorization Act, which reauthorizes the African Elephant Conservation Act and the Rhinoceros and Tiger Conservation Act through 2012, and in support of H.R. 465, the Asian Elephant Conservation Reauthorization Act. These conservation funds have a tremendous impact on the survival of threatened species.

The ivory and bushmeat trades, as well as competition from humans for space and resources, continue to threaten the survival of the African Elephant. Rhinos and tigers similarly fall victim to these black market trades. In addition, deforestation and overworking have had devastating impacts on Asian Elephant

populations. The grants awarded through the MSCF have proven to be effective in creating nature reserves, enhancing wildlife and ecosystem management, and developing antipoaching campaigns, helping to combat the practices that endanger these species the most.

As of January, the Department of Interior had approved 280 conservation grants in 23 African countries to assist African elephants, 321 grants for rhinos and tigers, and 171 grants for Asian elephants. By using \$17 million in federal funding, the African elephant program has leveraged \$72 million in private matching funds, and the rhino and tiger program has generated nearly \$20 million in private funds to match its federally allocated \$7.8 million. The Asian elephant program has been almost as successful, leveraging \$10 million in private matching funds from \$7.8 million in federal funding.

H.R. 50 and H.R. 465 would reauthorize the Multinational Species Conservation Fund to support three important international conservation laws and help to protect these animals on a federal level. I strongly urge their support.
